From:
The Director
The Hope House (Childline Partner in Vellore District)

To
The Chief Education Officer
Vellore District.

Respected Sir,

Greetings to you from the Hope House. I would like to bring an issue pertaining to child protection and suggest a solution to seek your support.

Underage driving (below the age of 18 years) has become a menace in our country. They have killed close to 11,000 people in India and 725 people in our state in 2016.

We undertook this issue as Childline mandates of us to address the child protection issues comprehensively. We had a consultation with the Childline South India office which suggested that we address this issue at the district level.

We would like to conduct an essay writing competition and advocacy followed by to create an awareness in our district. We would like to seek your support for maximum participation by asking the school HM's to encourage school children to participate. We have attractive prizes for the students, schools HM's and mentors. I have enclosed a detailed project proposal with the statistics for your perusal.

If you have any queries about this initiative, I would be more than happy to answer them and I can be reached at 9629471920.

Sincerely

Ruby Nakka
(Director)
