D. 438 /22,dt.13.12.2022.

Sir,

Sub.: DSM - Celebration of National Energy Conservation
(EC) Day / Week by Energy Clubs in govt. schools -
communicated - Reg.

The Tamil Nadu State Designated Agency (TNSDA) places on record its sincere and hearty thanks and appreciation to all the Chief Educational Officers and their teams for having established about 900 Energy Clubs with about 30,000 (student) members in Government High and Higher Secondary Schools across the state during the year 2022-23 to carry forward the mission of Energy Conservation through school students.

National Energy Conservation day and National Energy Conservation week are being celebrated every year across the country. In Tamil Nadu, TANGEDCO is organizing the above celebrations. Accordingly, the Chief Engineers and Superintending Engineers in the distribution network of TANGEDCO have been advised to organize the celebrations between 14th and 20th December 2022 in their respective jurisdictions.

In this regard, you are requested to arrange the students from High and Higher Secondary schools in your jurisdiction to attend the above celebrations (for rally/human chain and other activities) for making the same a grand success.

Also you are requested to inform the status of participation of students (no. of schools, no. of students, etc.) in the above celebrations to the Executive Engineer / General in the office of the Superintending Engineer / Electricity Distribution Circle / TANGEDCO pertaining to your jurisdiction.

CHIEF ENGINEER,
IC, R&D and DSM &
CHIEF EXECUTIVE OFFICER / TNSDA.
