Tata Building India School Essay Competition 2025 – 26

The Tata Building India School Essay Competition is one of the key initiatives undertaken by the Tata Group to motivate the youth of India and instill the value of nation building amongst them.

The initiative was originally envisioned under the leadership of Late Shri Ratan N Tata, whose legacy continues to inspire generations of young Indians.

Now in its 18th edition, this is the world's largest school essay competition that unites young minds from 500+ Indian cities, writing in 13 languages, with a shared dream of building an India we love.

This year, the Tata Building India School Essay Competition invites school students to write of an **Atmanirbhar Bharat** (Self-Reliant India), to imagine a nation shaped by its own strength, spirit, and ideas.

And we believe that vision must come from all school students across India, not just a few. Because true self-reliance is built not on selected voices, but on collective dreams.

With schools from every education board actively participating, we would be privileged to have the participation of schools affiliated with your education board to enrich this national initiative.

We urge you to consider 100% participation from all your schools.

Schools can register for the competition at <https://iur.is/TBI26>. This year the registration is free of charge.

We count on your leadership to unlock the dreams quietly taking shape in classrooms across your great state.
