Subject: Invitation to participate in GREEN Olympiad 2026-27

Dear Sir / Madam,

The Energy and Resources Institute (TERI) is an independent, not-for-profit, knowledge-driven institute dedicated to advancing transition towards a cleaner and sustainable future. Since 1999, we organise GREEN Olympiad— a world-renowned environment education activity for schools.

We invite your esteemed institution to register for the GREEN Olympiad 2026-27. The programme is a valuable initiative that empowers students to become environmentally conscious and responsible citizens by fostering knowledge, skills, and a passion for a sustainable future. Endorsed by the Ministry of Environment, Forest and Climate Change and the Ministry of Education (GoI), the GREEN Olympiad aligns with National Education Policy (NEP) 2020, National Curriculum Framework 2023, Mission LiFE and SDG 4.7.

Registration is open for students from Std. 4 to 12. The examination is MCQ based, and questions will include issues related to Environment, Sustainable Development, Green Skills, and Mission LiFE. Further details are available in the attached registration form, and on the project website: www.teriin.org/olympiad

All students will receive participation certificates, merit and distinction along with medals to school toppers in each level. Cash awards upto INR 10.00 Lakhs will be disbursed amongst top performers under various categories. A few important points about the Olympiad are mentioned below:

Olympiad dates: October 08, 2026, and November 18, 2026 (schools can choose any one date as per their preference)

Registration deadline: 31 July 2026

Registration fee: INR 250/- per student (including taxes)

Retention amount by school: INR 30/- per student (to coordinate examination details at the school campus)

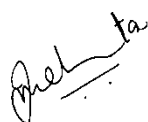

Online registration: <https://www.terigreenolympiad.com>

Contact information: go@teri.res.in / 011-24682100, 71102100

By participating in GREEN Olympiad, you have the opportunity to apply in 'Sustainability Excellence Award'. An award category especially curated for Schools to present environmental actions inside the school campus. This will be an optional feature and is embedded within the GREEN Olympiad registration form. Attractive prizes are earmarked for this category for schools.

It is my earnest request to enable a large number of students to register for GREEN Olympiad and enhance their portfolio building for future opportunities in academic enhancement.

With sincere regards,

(Taru Mehta)
